EDUCATION

B.E. COMPUTER ENG.
Bachelor's
CGPA: 8.87

OBJECTIVE

Looking for a challenging role in a reputable organization to utilize my technical, database, and management skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in the IT sector.

PROJECT

CLOTHING STORE(E-COMMERCE BASED)

In this project, I created various modules with all the functionality like login, sign up for both seller as well as users with authentication, product uploading and manage products for seller, purchasing with cart management functionality for users with core PHP. All the pages have user verification such as whether he is authorize or not. Project link www.github.com/manthan37/clothing_store

INTERNSHIP

FRONT-END WEB-DEVELOPER

I completed my 4 moths internship at PlanetX technologies as a front-end web developer at where I learned HTML5, CSS3, JAVASCRIPT and Responsive web designs. I also worked on live project where I learned team playing skills and good communication skills too.

SKILLS

PHP core
HTML, CSS, JS
Laravel
React.js
